# Mental Health Market Pulse Survey Results

Legal Industry

[EPICBROKERS.COM](https://www.epicbrokers.com)

At EPIC, we are committed to understanding and anticipating our client's needs. To continue gauging observations, experiences and expectations around pressing issues, we regularly conduct "market pulse" surveys.

This presentation illustrates results from the market pulse survey, "Mental Health: What are Firms doing to Address the Mental Health Crisis?" specific to the legal industry.

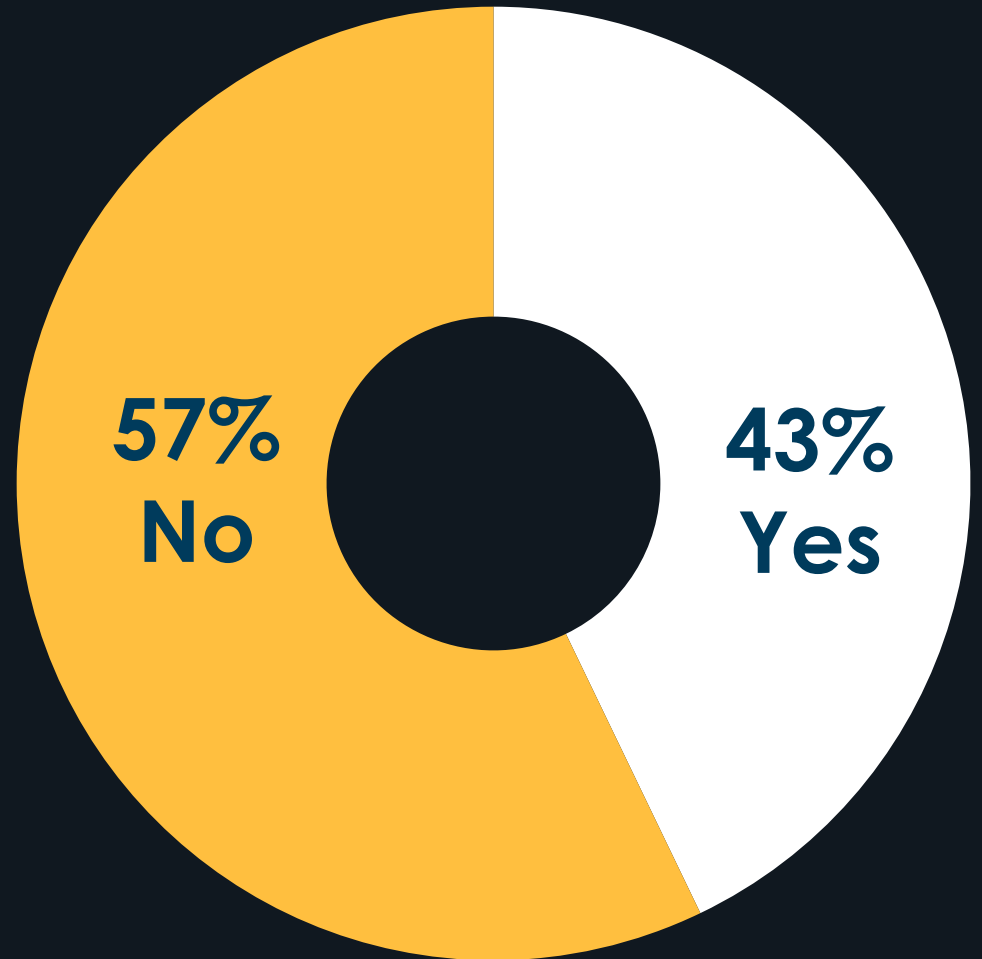

**For more information regarding this survey, please contact:**

Suzannah Gill

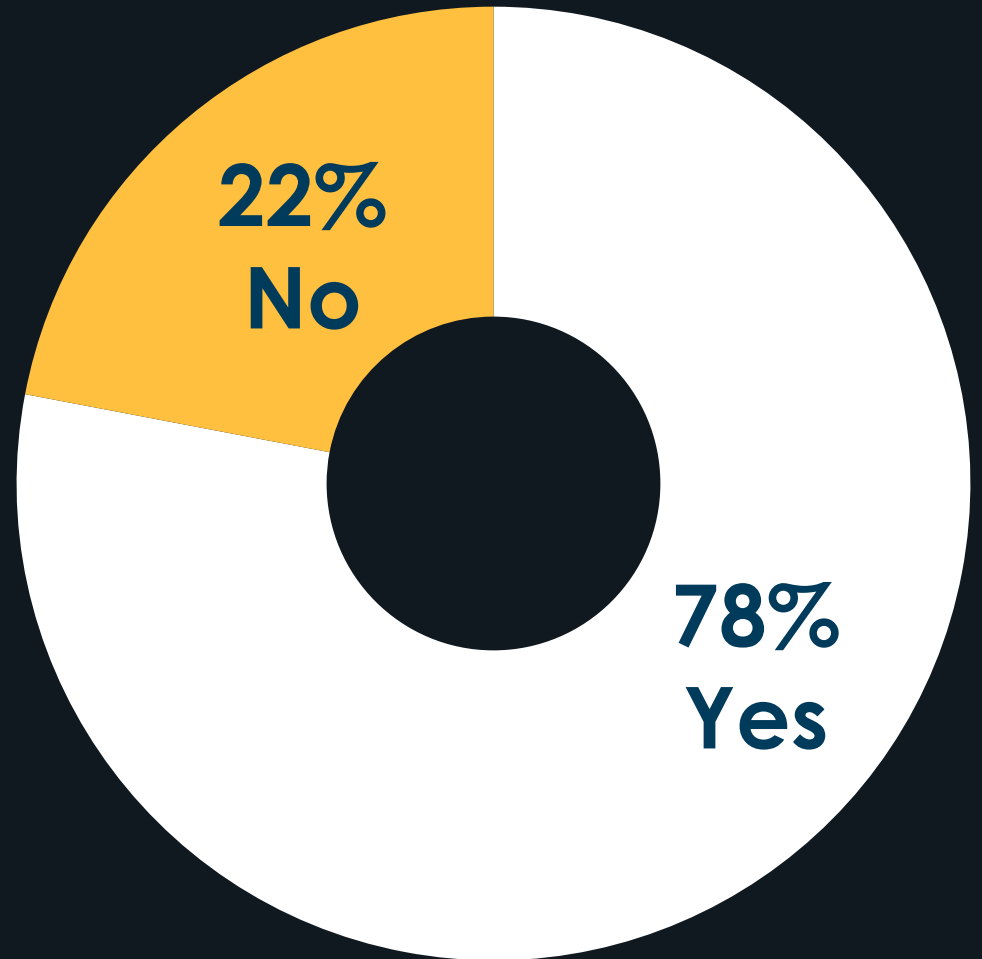

Benefits Strategy Consultant

**Do you believe there is a stigma associated with mental health issues within your firm?**

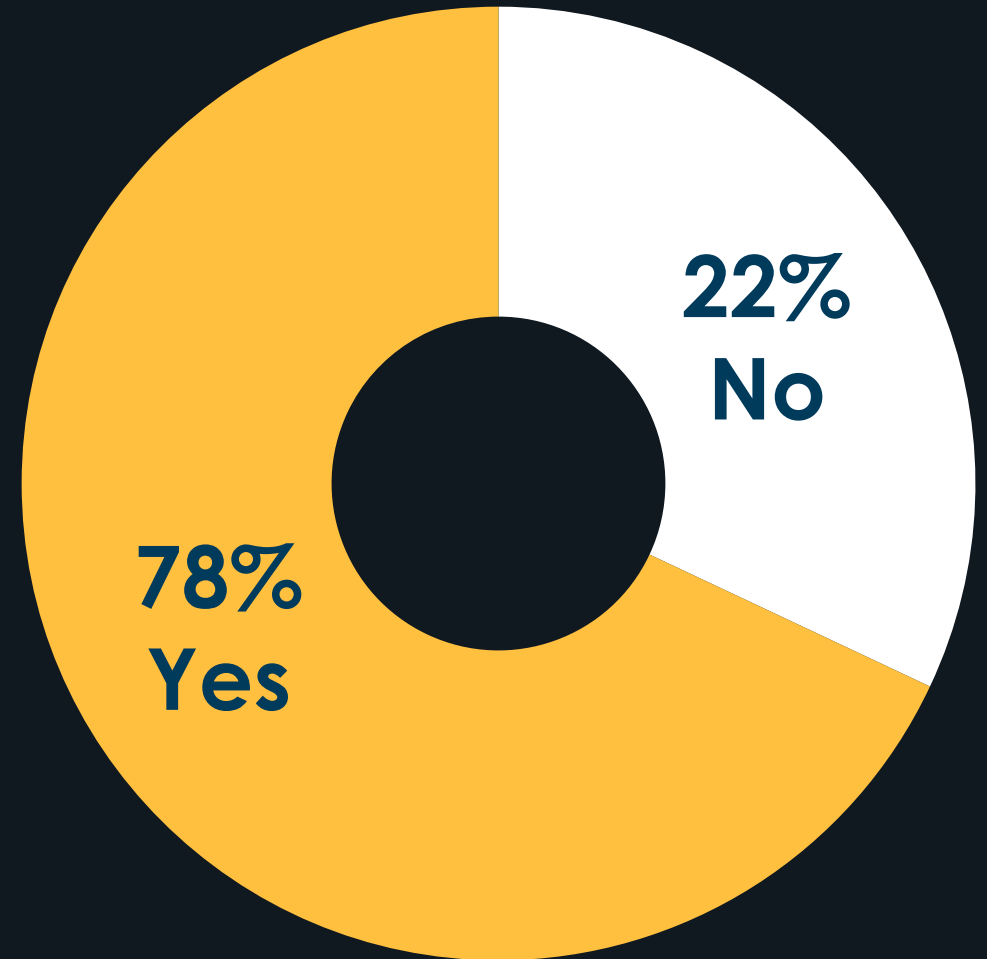

**In the past 12 months, have you seen an increase in mental or behavioral health issues within your firm?**

# In the past 12 months, has your firm taken any steps to address mental health concerns?

**In the past 12 months, has your firm committed any additional financial resources to address employee mental health?**

# Please share examples of the strategies your firm has employed or programs that you've hosted to address mental health at your firm.
